

GOLDBERG PRODUCTIONS PRESENTS

Home Studio Setup Workshop

Sound Engineer Rob Sommerfeldt

is a recording engineer with years of experience working both in music and post-production. He has worked with Matt Good and Warne Livesey and recorded voice-over performances for *Star Wars: The Old Republic* along with commercial spots for Translink and Future Shop/Best Buy, among many others.

Rob also creates and produces voice-over demos. Rob's focus has always been to create a positive, creative, fun atmosphere which leads to great performances.

Learn the Basics of Setting Up Your Home Voice-Over Studio!

We'll be covering topics like:

- Figuring out your space
- Dealing with acoustics
- Gear selection
- Troubleshooting

Come out of the class with an understanding of how to set up your space, gear and with the knowledge to understand how it all works together!

DATE: Sunday, July 23, 2017
